The screenshot displays a database query results interface. The main area shows a table with 8 rows of viewer data. The columns are: #, USERID, CHANNEL2, DATE, RECORD, DURATION_2, and TIME_SA. The data includes viewers like Trace TV, ICC Cricket World, and Boomerang. To the right, a sidebar contains 'Query Details' with a progress bar for 'Query duration', 'Rows' count, 'Query ID' (01bc43b9), and a 'Show more' button. Below this is a small bar chart titled 'USERID'.
